

# CISCO NETWORKING

**3 Months. CCNA Certification.  
Unlimited Opportunity.**

Attend Online  
No IT Experience Necessary

Monday-Thursday | Half Day  
Morning, Afternoon & Evening Tracks

## THERE'S NO TIME FOR DOWNTIME. BECOME THE SOLUTION.

Organizations can only function if their networks are online. When problems arise, become part of the solution by focusing on Cisco technology. Cisco forms the literal backbone of organizations around the globe and their skills and certifications are some of the most valuable in the IT industry. The Cisco Networking Program includes comprehensive coverage of Cisco routing and switching.

## PROGRAM TIMELINE

Our 3-month Cisco Networking program teaches students how to describe network fundamentals and build simple LANs, manage network device security, implement scalable medium-sized networks, troubleshoot basic connectivity, and more. Here's a breakdown of your 3-month program.

### MONTH 1-3

Learn about TCP/IP networking, implementing Ethernet LANs, VLANs and STP, and IPv4 addressing.

### MONTH 4-7

Topics include IPv4 routing, IPv6, wireless LANs, and Access Control Lists.

### MONTH 8-12

Learn about security services, IP services, network architecture, and network automation.
